Dear Mr. Weisberg,

I am a college student who is very interested in the topic of Mr. Kennedy's assassination. Having read your book in addition to the Sylvan Fox, Buchanan, and Epstein works, I am now convinced of many of the points which you in particular, contend are lacking in The Commission's report.

At this stage I would like to know what I, as an interested young man, may do to help find the truth. I realize that the best thing to do would be to alert fellow students of this crisis (which is so real, yet so unfortunately overlooked). I attend Hobart College in Geneva, New York. I wonder if you would like to be a guest lecturer at my school and what your fee would be. If you are interested, please contact me at school and

I would gladly make the proper arrangements.

Getting back to the Warren Report, I am simply appalled at the ridiculousness of the whole thing - Of all the arguments raised in your book, one that both shocked and surprised me the most was the one about the "false Oswald". What has become of this person?

I saw you on the Alan Burke Show. Are there any chances of you getting on similar type shows? I think the thing needed most at this time is a means to spread your findings other than through your book.

I must close now and wish you only the best. If I can be of any help to you (trivial though my part may be), please call on me.

My Best.

Sincerely,

Fred Sokol
